Meyer '50 Head WNTC

The newly elected executive board of campus station WNTC assumed duties on May 1. Since their election in the latter part of March, the new board has worked in close conjunction with the previous executive board. It is hoped that in this way the campus station will have an early and auspicious start next fall.

The new executive board members are: Dick Meyer, station manager, Charlie Kurner, assistant station manager, Elaine Lui-kert, secretary, Bob MacKenzie business chairman, Vaughn Weid-el, personnel director, Wilson Griffing, engineering director, and Charlie Hearl, publicity director.
